--HESPERIA AIRPORT--ADVISEMENT--

Goathead stickers are running amuck at the Hesperia airport. These nuisance stickers can penetrate the tire, causing a slow leak.

Due to this issue: Students, pilots and CFIs are advised **NO Landings at this time.** We will update as further details become available. Apologies for the inconvenience.

=====

BRYAN ACEVEDO - CFI Gary McBurney

PRE-FLIGHT INSPECTION

Using the designated **pre-flight checklist** is essential when performing the inspection. Be certain to perform every step--DO NOT skip over any portion of the checklist. **IMPORTANT to CHECK OIL and FUEL levels EVERY time, as once in the air, you cannot correct any low level issues.**

AFTER HOUR FUEL PURCHASES

When using your personal credit card..

DO NOT press the "FILL UP" button at fuel pump.. (if you do, it puts a hold of \$450 on the card until the true transaction processes--up to 3-5 business days) **Put the receipt into binder and LOG gallons on flight log sheet.** All fuel receipts **MUST** be at end of your flight to get fuel credited off your flight.

You are responsible for getting the fuel receipt. If pump is out of paper, contact fuel company to request a paper or digital receipt. Please email any fuel receipts issued to Midfield **as soon as it is received.** We are not responsible for lost or unsubmitted fuel receipts.

When pumping at other airports, pump **ONLY** the fuel necessary to return to KAPV. Keep in mind, Midfield reimburses at KAPV current fuel price only.
