DECEMBER

WITH SPECIAL RECOGNITION OF HIGH ACHIEVEMENT to:

CFI NATHAN HOPPER

During his time here at Midfield in 2024-2025, Nathan successfully trained over 30 new private pilots. Several excelled in completing their instrument rating and a few achieving their CFI status!!

We extend our heartfelt **CONGRATULATIONS** for his **OUTSTANDING SUCCESS** in creating so many new pilots at Midfield. (..just might be a new record!)

Nathan began his aviation journey at Midfield in Spring 2023. In warp speed, he achieved certifications from Private pilot to CFI in less than a year!

By Jan. 19, 2024, Nathan began instructing here at Midfield. In late June 2025, Nathan promoted to the commercial airlines. His 1st ATP flight went beautifully on Sept 1, 2025.

WAY TO GO NATHAN!! WE ALL wish you **TREMENDOUS SUCCESS** now and always!! Thank you for making Midfield a part of your aviation journey!

We are excited that a couple of his students, **CFI Aiden Armijo and CFI Derek Sampley** are now instructing here at Midfield.

Be sure to book some time with either of them to get going on your certifications and or licenses.

May the new year be an even stronger year for creating pilots. Safe flying everyone!!

Our Gift for You—Paperwhite Flowers

Especially for you, our valued customers, these lovely paperwhite flower bulbs. Come on by Midfield to pick up yours today!

Fill the cup or glass with water. Keep the water level above the bulb—in 3 to 6 weeks, beautiful, delicate little white flowers will bloom on a foot long stem.

As winter fades, clip the growth to about 2 inches from the bulb, store the bulbs in a paper or plastic zip bag or plant in your garden for next year. They will come back year after year!!

WELCOME!! NEW CLUB MEMBERS

WE'RE HAVING A CHRISTMAS PARTY!

DATE: DECEMBER 13TH

TIME: STARTS AT 4PM

WHERE: MIDFIELD OFFICE

YOU ARE INVITED to come celebrate Christmas in Midfield style! Bring a dish to share if you wish. Enjoy some tasty food and refreshing drink. Meet, mingle and or catch up with fellow students, pilots, instructors and good folks! Savor the glow of the bonfire after sunset too. Questions or for more info. call Midfield office: 760-247-5766

=====

Call your CFI to book your night flight

Now is the best time to get your night flight requirements. Student pilots need: 3 hours of night, 10 take-offs and landings to a full stop. Plus 1 cross country –over 50 nautical miles in a single flight.
